

Continuation of Substance of Interview including description of the general nature of what was discussed: Discussed and agreed to change "rectilinear" to "linear" in the specification and claims 1 and 21 to more accurately define the segments in view of figures 1A and 1B. Also discussed and agreed to changes in claims 9, 15, and 21 to correct minor problems appearing in these claims. Agreed to cancel claim 14 since claim 21 already defines at least one corner connector.
